

MECHANIC

Company Overview:

We are a well-established equipment rental company, located in Azusa, catering to the commercial construction industry. We are a small, busy, professional company that is a leader in aerial equipment, while also maintaining a fun and easy-going company culture.

Position:

We are looking for a mechanic to join our team! The individual we are seeking is dependable, hard working, organized, detail-oriented, adaptable, respectful and desires to work in a team environment. You will be responsible for repairing various rental equipment (**not automotive**).

Responsibilities:

- Perform major/minor equipment repair, as well as preventative maintenance
- Perform routine vehicle maintenance on tractor-trailer delivery trucks
- Perform quality inspections prior to sending equipment to the customer
- Provide written and verbal service reports to Service Manager
- Manage time by anticipating and determining equipment needs
- Provide support as needed for company operations, dispatch and field personnel

Qualifications:

- At least 2 years of successful mechanical experience with an aerial based equipment rental yard
- Proficiency in servicing late model scissorlifts, boom lifts, forklifts and backhoes, JLG
- A general understanding of schematics, diesel engines, hydraulics and basic truck service
- Knowledge of shop equipment
- Excellent attention to detail, accuracy and organizational skills
- Excellent and efficient mechanical troubleshooting skills
- Willingness to learn and adapt to customer needs, and do whatever it takes to get the job done
- High school education required
- Strong work ethic

If you are interested in this position, please complete the [Application Form](#) and email to info@skyliftequipment.com or drop off at 680 S. Ayon Ave., Azusa. If you have any questions about applying for this position or would like to schedule an interview, please call (800) 457-6616.
